TECHNOLOGY CENTER R3700

Dear Sir:

This communication is in response to the Office Action mailed September 26, 2003, setting forth a Restriction Requirement in the above-identified application. In the Office Action, the Examiner required restriction to one of the following inventions under 35 U.S.C. §121:

I. Claims 1-16, 31-47, and 49, drawn to apparatus for arthroplasty, classified in class 606, subclass 88.

II. Claims 17-30, drawn to a method of resecting a bone, classified in class 128, subclass 898.

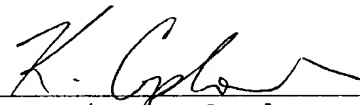

In response, Applicants hereby elect the invention of Group I, corresponding to claims 1-16, 31-47, and 49, and cancel claims 17-30 and 48 corresponding to the non-elected invention of Group II. Applicants reserve the right to file a divisional application corresponding to the non-elected claims.

Additionally, Applicants submit the following amendment corresponding to the elected claims. It is respectfully submitted that prosecution on the merits with respect to claims 1-16, 31-47, and 49-50 should now be permitted to proceed.

In the event any fee is due in connection with the present response, the Examiner is authorized to charge Applicant's Deposit Account No. 12-1095 therefor.

Dated: November 6, 2003

Respectfully submitted,

By 
Konstantin A. Caploon
